ADVANCE DIRECTIVES

IT MAY BE TOO LATE IF YOU WAIT!

JOIN DR. WOOL AND THE STAFF OF PHC FOR THIS INFORMATIVE,
PRACTICAL EDUCATIONAL SEMINAR

Ms. Schloss, an End-of-Life Educator with Casa de la Luz, will present a discussion centered on “Five Wishes,” a template for a humanized and individualized living will. The intent of this is to help prepare a framework to guide your caregivers to ensure that your wishes are clearly understood. The importance of tying up loose ends and having the difficult conversations needed to bring closure will be addressed as well as the associated psychosocial and spiritual issues.

Mr. Wisnom, an attorney with Bogutz & Gordon, P.C. will present information about the legal aspects of ensuring that your intentions are executed as you have directed. The tools for this include a Living Will, Medical Power of Attorney, and Mental Health Power of Attorney. He will discuss case studies and recommendations about making your choices enforceable and the potential problems that can prevent your wishes from being carried out. Mr. Wisnom will also discuss the importance of having a system in place to ensure that your advance directive documents transfer with you to healthcare facilities.
